

TRADITION CAPTAIN COOK MKII

R33522153 | 01.763.0522.3.015

First created in 1962, the Rado Captain Cook MkII has been given a 21st century update. It's relevant, recognisable and clearly Rado. With a 37 mm case, distinctive detailing and a choice of easily interchangeable straps – metal rice grain and textile NATO – it's water-resistant to 22 bar and brings Rado's pioneering early '60s design right up to date.

The Captain Cook MkII benefits from Rado's EasyClip System which allows you to change the bracelet or strap quickly and easily without the need for any tools.
